

## BRING OUT YOUR BEETHOVEN!

Brush off the bagatelles, dust off the dances, re-memorize the Moonlight. Team up with two other players and tackle all three movements of The Tempest together! It'll be great fun!

## LUDWIG LIVES 2027

To mark the 200th anniversary of the death of composer Ludwig van Beethoven in 2027, a series of concerts, exhibitions, film projects, lectures and events, as well as festivals, are planned worldwide. Local Madison musicians Jess Salek and Mickey Lytle have planned a **12-month concert series to showcase community pianists**, including students, teachers, and adult hobbyists alike, who are dedicated and excited to participate in a community-driven series. The anniversary year will begin in January 2027 and signups are available now. All information is available at: [www.ludwiglives.info](http://www.ludwiglives.info)

### PERFORMERS & LEVELS:

We welcome individual performers prepared to play Beethoven Sonatas, Concerti (second pianist must be provided by the performer), Bagatelles, or other major piano works. While the primary focus is on advanced works, performances of intermediate repertoire are also welcome, namely Dances, Minuets, and such. Magrath Level 7 and up.

### STUDIO TEAMS & CROSS-STUDIO TEAMS:

We invite teachers and students to collaborate as teams. Each team will perform an entire Sonata, with different pianists playing the different movements. Studios and individual musicians are also encouraged to form teams to combine players on multi-movement pieces throughout the entire community.

### HOST VENUE:

The concerts will take place in the Grand Hall of Capitol Lakes Retirement Community, 333 W. Main St., Madison, WI. We are indebted to Capitol Lakes for graciously hosting this concert series for their residents and the public.
